## EXPERIENCE & PROJECTS

---

### Full Stack Developer Intern

**BSQ TECHNOLOGY — February 2023 to June 2023**

- Built responsive web applications, enhancing user experience across platforms
- Gained hands-on experience with Spring Boot for backend development.
- Acquired knowledge in Postman for API testing and development, ensuring quality and functionality.
- Utilized Git and GitHub for version control and collaborative software development, ensuring efficient team workflows.

### Wise Finance - Investment & Returns Calculator

- Developed a user-friendly platform for calculating investment returns and financial planning, offering interactive and easy-to-use features.
- Built using HTML, CSS, Bootstrap, and JavaScript.
- Focused on delivering an intuitive UI and accurate financial calculations.

### CA Gold & Diamonds - Jewellery Showcase Website

- Designed and developed an elegant and visually appealing jewellery store website with seamless navigation.
- Utilised HTML, CSS, JavaScript, and Bootstrap for the front end, ensuring responsive and mobile-friendly design.
